CHILDREN, START THE SUMMER OFF RIGHT

School is almost out and summer will be around the corner. Lots of us will be watching television, but help your mother, father, brother and sister this summer; it's a nice time to help one another.

You can help someone down the street, help Grandma and Grandpa, help everybody you can! Have a nice summer!

USDA Proposes Grade Loan Rates For 1978-Crop Flue-Cured Tobacco - Grade loan rates for the 1978-crop of flue-cured tobacco will range from 74 cents to $1.56 per pound under a proposal announced by Stewart Smith, associate administrator (ASCS). The proposed rates reflect an average support level of $1.12 per pound, 7.2 cents per pound above the 1977 level, according to Mr. Smith.

The deadline for receiving comments on the proposal is June 26. Loan rates wil be discounted 10 percent for any grade of the priming groups (including first quality nondescript) which contains moderately more dirt or sand than normal. Tobacco containing excessive sand or dirt will be graded No-G (no grade).

As in the past, no loans will be available on any tobacco grade No-G, N2 (second quality nondescript), W (doubtful keeping order), U (unsound) or scrap. Marketings of these grades, however, will be charged against the quotas for the farms on which they were produced. The cooperative associations through which advances are made available will be authorized to deduct one cent per pound to apply against overhead costs.

Comments on the proposed loan rates should be submitted in writing to the director, Price Support and Loan Division, USDA-ASCS, P. O. Box 2415, Washington, D.C. 20013.

Reporting Crop and Land Use Acreages - Farmers this year are again asked to report all crop and land use acreages to the ASCS office. This request is aimed at all farmers in the county whether or not they are signed up under the Set-Aside Program.

Farmers signed up under the Set-Aside program will need to certify acreages after all planting has been completed so that they may remain eligible for program benefits.

Farmers not signed up under the Set-Aside program are asked to certify crop and land use acreages so that ASCS records can be kept up to date for future purposes.

Producers of flue, fire and sun cured tobacco will need to report their planted acreage in order that they receive price support on their tobacco.

The final date for certifying to crop and land use acreags is June 30 for all crops except for grian sorghum and soybean. The final date for certifying to grain sorghum and soybeans is July 30. Shortly, farmers in the county will receive post card giving them the details of certifying acreage. In the meantime if you have finished planting, please stop by the ASCS office.

Agricultural Conservation Program(ACP) - All farmers in the county with approved ACP Projects are reminded to please report completion of the project after it has been completed. Each person that received an approval has expiration date on the approval reporting the project. If you are unable to complete the project by the expiration date you may request an extension.

Discount Variety Program - Flue-cured tobacco growers are reminded the discount variety certification program is in effect for 1978. Any seed variety designated as Coker 139, Coker 140, Coker 316, Reams 64, or Dixie Bright 244 or a mixture or strain of such seed varieties are considered discount variety. Any breeding line of flue-cured tobacco seed varieties including, but not limited to, 187 Golden Wilt (also designated as No-Name, XYZ, or Super XYZ), having the quality and chemical characteristics of varieties designated above or any breeding line of flue-cured tobacco identified as having appearance and growth characteristics similar to the discount varieties shall be considered to have the quality characteristics of these varieties. Planting as discount variety means a grower may receive only limited price support or lose all price support.

Tobacco - Tobacco treated with toxaphene, endrine, DDT, or TDE after being transplanted will not be eligible for price support.

Study Of Revelations Begins At Church of God

The Vera Church of God, located 6 miles east of Appomattox on Route 24 in Vera, has begun a teaching of the Book of Revelations.

The lessons are being taught on Wednesday nights beginning at 7:30 p.m. Rev. L. W. Carroll, pastor of the church, is teacher.

Rev. Carroll is an ordained minister with a college education, well qualified to teach. He takes Revelations verse by verse and fully explains it. Many people have been requesting a study of this prophetical Book of God's Holy Word, so now is your chance to hear these lessons.

The public is invited to come out Wednesday nights and get in on this study. Time is 7:30 p.m.

Pamplin Scout Fund Drive Successful

Horace Coleman, chairman of the 1978 Pamplin Scout Fund Drive, reports that 100% of the goal has been reached. $300.00 has been raised on a $300.00 goal! $2,345.15 was raised this year in Appomattox on a goal of $2,500.00 or 94%. This money is used by the Blue Ridge Mountains Council, Boy Scouts of Ameica, too. Provide support services (including training, newsletters, camping facilities, a professional staff and district activities for the boys and leaders in scouting in Appomattox!

We thank the Pamplin Ruritan Club and Appomattox Lions Club for their outstanding support of the 1978 Boy Scout Fund Drive.
